The Brandenburg Housing Authority was established in 1963 to provide and maintain a high standard of housing, which allows our residents a safe, clean, and affordable home in which to reside. We will also endeavor to create a sense of community for our residents through our social service programs, so as to enhance their quality of life within an environment of caring and dignity. The Brandenburg Housing

Authority takes enormous pride in helping people, our clients, to attain a better standard of living ... with dignity, caring, and attention. Although essential ... this is not just about ... refrigerators, stoves, carpeting and painting. It is about the priority we place in the knowledge of how important a person's home can be. Our work will never be done ... and we look forward to continuing our efforts to enhance people's lives.
